Selected Question: Website Summary

a) What is the URL of the site? The URL of the site is <https://tradeit.gg>.

b) What is the purpose of the site? The purpose of the site is to provide an automated, safe, and fast marketplace for gamers to trade, buy, or sell in-game digital items (skins) for games like CS2, Rust, and Dota 2.

c) Who is the intended audience? The intended audience is online gamers, digital item collectors, and traders who want to exchange their inventory without the risks of manual trading.

d) Do you think that the site reaches its intended audience? Why or why not? Yes, it successfully reaches its audience. It has over 2.5 million users and a high trust rating on platforms like Trustpilot, proving it is a go-to source for the gaming community.

e) Is the site useful to you? Why or why not? Yes, the site is very useful to me. It allows me to upgrade my gaming skins instantly. Instead of waiting days for a buyer on other platforms, I can complete a trade here in seconds.

f) Does this site appeal to you? Why or why not? Yes, it appeals to me greatly. The dark-themed professional design fits the gaming aesthetic perfectly. The organization is excellent, and the navigation is very intuitive, allowing users to filter thousands of items easily. The use of high-quality item images makes the site visually compelling.

g) Would you encourage others to visit this site? Why or why not? I would definitely encourage other gamers to visit. It is much safer than peer-to-peer trading and offers a very transparent pricing system.

h) How could this site be improved? The site could be improved by adding more detailed tutorials for beginner traders regarding market price fluctuations. Also, a dedicated mobile app would make the trading experience more accessible on the go.
